2- If your license is valid Absentia DX 3.0 will open. You will get renewal warnings to Extend your subscription before it expires. Server Licenses renew at \$40/year.

If your license is already expired, Absentia DX will show a prompt to extend it.

If you plan to keep using server license activation, click the Extend button and follow the process.

3- If you want to switch to iLok, click "Deactivate" at the prompt.

You can redeem your server license and get a \$70 OFF to purchase an iLok subscription. Go to <https://toddao.scaledcommerce.com/cart/add/4-83-21-54> and surrender your server license. The license will be revoked after the surrender.

A one-year iLok subscription will be deposited into your iLok account.
